

VESELÁ TRIČKA

SLOGAN

This game is suitable for strengthening creative thinking

Description: In pairs, wear your T-shirts. Think of a slogan and write the slogan with the letters on the T-shirt of your friend, mum, grandma. For example: “**Nothing can beat a nice sweet treat.**” Make sure the slogan can be easily remembered and that the others like it. Now, send all players behind a door, tree or some place they can't see you. Write on your T-shirt, what is the slogan about – e.g. **chocolate, lollipop, etc.** Now lie down with your tummy on the ground so you cover the writing. Call the other players back. Now ask everyone to guess what is the slogan about – they must compose a word on their T-shirts. The one who composes the same word as on your T-shirt wins, and gets to make the next slogan. The time (minutes) until discovering the correct word is counted. The winner is the one who guesses the most words in the shortest time.
